

## ***Project Design Phase 1 – Solution Architecture***

<b>Project Domain</b>	Cloud Application Development
<b>Project Title</b>	News Tracker Application
<b>Team ID</b>	PNT2022TMID40746
<b>Date</b>	01st Oct 2022

### ***Solution Architecture:***

- Solution architecture, term used in information technology with various definitions such as "A description of a discrete and focused business operation or activity and how IS/IT supports that operation".
- Solution architecture provides the ground for software development projects by tailoring IT solutions to specific business needs and defining their functional requirements and stages of implementation. It is comprised of many subprocesses that draw guidance from various enterprise architecture viewpoints.
