### ***Sprint-2 Deliverables***

1.Created forgot account credentials page

2. Created newaccount page on signup

3. Developed flask app to connect with IBM DB2

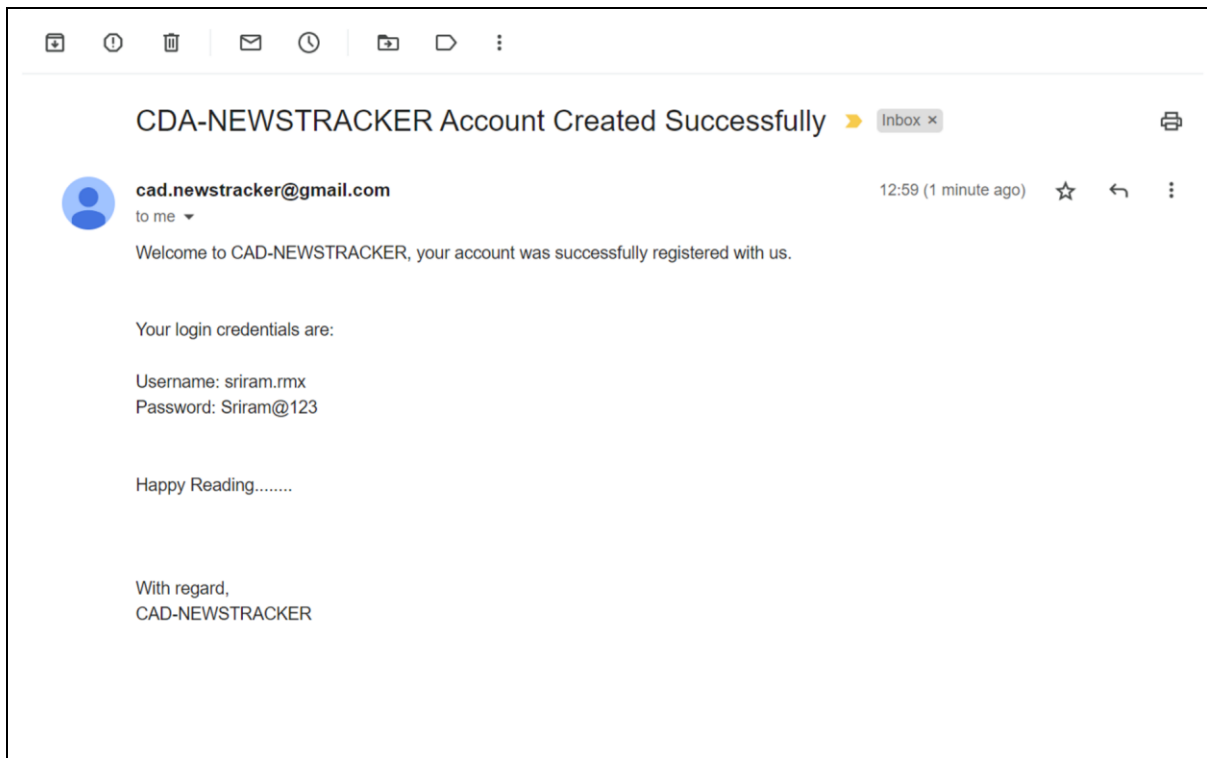

4. Integrated code to send username and password as mail on account creation and forgot login credentials.

***Figure-1: Snapshot of forgot username/password Page***

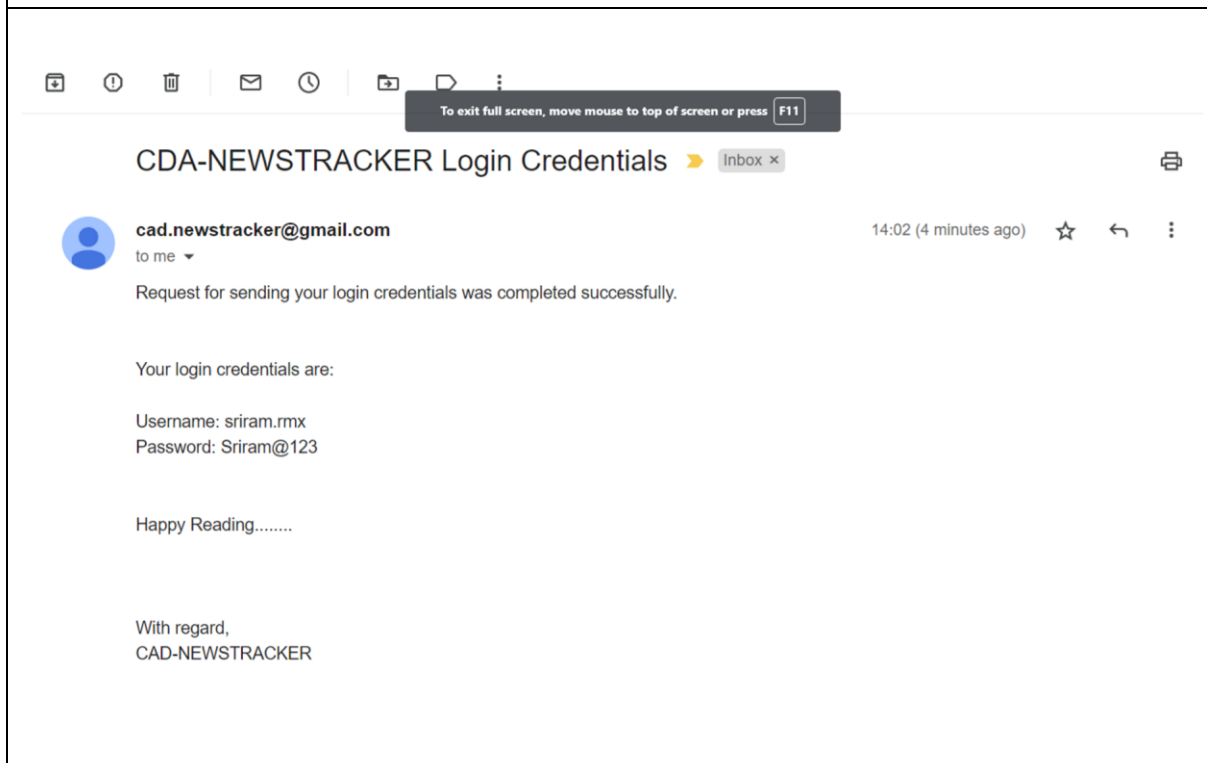

***Figure-2: Snapshot of successfully creation of new account page***

**Figure-3:** Email received after account creation

***Figure-4: Email received after forgot username/password request.***

***Source Codes***
